CREATING LIGHT FOR OVER 25 YEARS

We still surprise ourselves. Some companies might be content to sit back and be complacent about their successes after 25 years of continual innovation. We are not. In fact, we only get hungrier for new ideas to delight our customers.

Since 1995, LIGHT-POINT has been producing innovative lighting products based on a long tradition for superior quality and craftsmanship. Over the past 25 years, LIGHT-POINT has brought to market an extensive product collection in an ultramodern and distinctly Danish design style, a language that continues to unfold today.

Every product LIGHT-POINT produce are suited for both indoors and outdoors. The minimalist design collection consists of products that can either fit seamlessly to any surface for a discrete feel, or surface mounted to add an aesthetic dimension to a space.

LIGHT-POINT products are typically suitable for both commercial and residential markets and the company works closely with architects and designers to find the perfect solution to suit all its customers’ needs.

Today, LIGHT-POINT products are available in over 50 different countries, from Scandinavia to China. To celebrate its 25 years anniversary, LIGHT-POINT introduces a special Rose Gold in its design collection.

NOUS CRÉONS DES SOLUTIONS D’ÉCLAIRAGE DEPUIS PLUS DE 25 ANS !

Nous nous surprenons encore nous-mêmes. Certaines entreprises peuvent se contenter de rester inactives et de se reposer sur leurs lauriers après 25 ans d’innovation continue. Nous n’en faisons pas partie. En fait, une seule envie nous anime : celle de trouver de nouvelles idées pour satisfaire nos clients.

Depuis 1995, LIGHT-POINT fabrique des solutions d’éclairage innovantes fondées sur une longue tradition de qualité supérieure et de savoir-faire artisanal. Ces 25 dernières années, LIGHT-POINT a commercialisé une vaste gamme de produits dans un style de design ultramoderne dont les traits danois se démarquent clairement, une ligne de conception qui continue de se développer aujourd’hui.

Tous les produits LIGHT-POINT conviennent aussi bien à l’intérieur qu’à l’extérieur. La collection, d’esprit minimaliste, comprend des modèles qui peuvent soit s’adapter parfaitement à n’importe quelle structure pour une touche discrète, soit être montés en surface pour ajouter une dimension esthétique à un espace.

Les produits LIGHT-POINT sont généralement adaptés aux applications commerciales et résidentielles, et la société travaille en étroite collaboration avec des architectes et des designers en vue de trouver la solution idéale qui réponde à tous les besoins de ses clients.

Aujourd’hui, les produits LIGHT-POINT sont disponibles dans plus de 50 pays différents, de la Scandinavie à la Chine. Pour célébrer son 25e anniversaire, LIGHT-POINT présente Oro rosa, ou Rose Gold, un coloris spécial de sa collection.

NEW / NOUVEAU

A NEW COLLECTION

To mark our 25th anniversary, we unveil our newest colour in our collection. Rose Gold has been admired for decades for its deep reflection and warmth of its surface, naturally a colour choice that would fit with our product design language.

With gently brushed and reflective surfaces, each lamp in the collection brings elegance and warmth to any room. The rose gold colour shines from day to night, light to dark - maintaining an ultramodern elegance and richness regardless of trends. Our Rose Gold colour is unique and classic at the same time.

To lift the colour tone even further, every product in the Rose Gold colour has been brushed. This combination of texture and colour provides an elevated touch of understated luxury that will add to any interior décor.

UNE NOUVELLE COLLECTION

Pour marquer notre 25e anniversaire, nous dévoilons le tout dernier coloris de notre collection. Depuis des décennies, le Rose Gold est admiré pour sa chaleur et la profondeur de sa surface, un choix de couleur qui correspond naturellement à la ligne de nos produits.

Avec ses surfaces délicatement brossées et réfléchissantes, chaque solution d'éclairage de la collection apporte élégance et chaleur à n'importe quelle pièce. La couleur Rose Gold brille jour et nuit, dans la lumière et dans l'obscurité, de la lumière vive à l'obscurité - conservant une élégance et une richesse ultramodernes, quelles que soient les tendances. Rose Gold est à la fois unique et classique.

Afin de renforcer la tonalité de la couleur, chaque produit Rose Gold a été brossé. Cette combinaison de texture et de couleur apporte une touche de luxe discret qui viendra embellir tout décor intérieur.

Create art — Light for almost every interior

SOHO is a wall-mounted LED lighting system, based on recessed round tiles that can be placed creatively on the wall in every imaginable pattern. The collection is a perfect mood setter, allowing you to freely create visual presence in the design of a room.

SOHO is ideal for multipurpose rooms in our homes as well as in shops, studios, showrooms, offices and hotel lobbies.

Unlimited set-up

SOHO consists of 5 different sizes, each recessed slightly further away from the wall, allowing for overlapping patterns. Based on your individual design SOHO enables for unlimited number of tiles in one set-up.

Not only is the layout of SOHO completely customizable – the collection is available in a range of colours to choose from. The pallet includes black, white and gold in a structured powder coated finish and a newly released rose gold in brushed finish. Each lamp is made from machined high quality Aluminium which has been the best choice of material for absorbing heat created by the LED's.

Nous créons de l'art – Des solutions d'éclairage pour presque chaque intérieur

SOHO est une applique murale à LED fixée sur socles arrondis encastrés pouvant être placés sur le mur de manière créative, selon toutes les configurations imaginables. Cette collection contribue parfaitement à l'atmosphère d'une pièce, ce qui permet d'y créer librement une présence visuelle.

SOHO est idéal pour les pièces polyvalentes de nos maisons ainsi que pour les magasins, les studios, les salles d'exposition, les bureaux et les halls d'hôtel.

Configuration illimitée

SOHO se décline en 5 tailles différentes, chacune légèrement plus éloignée du mur, ce qui permet de superposer les motifs. Quelles que soient vos préférences, SOHO permet un nombre illimité de modules par configuration.

Non seulement l'agencement de SOHO est entièrement personnalisable, mais la collection est disponible dans une gamme de coloris au choix. La palette comprend du noir, du Blanc et du doré dans une finition structurée par revêtement en poudre et un coloris Rose Gold, récemment sorti dans une finition brossée. Chaque applique est fabriquée en aluminium usiné de haute qualité, lequel s'avère le meilleur choix de matériau pour absorber la chaleur créée par les LED.

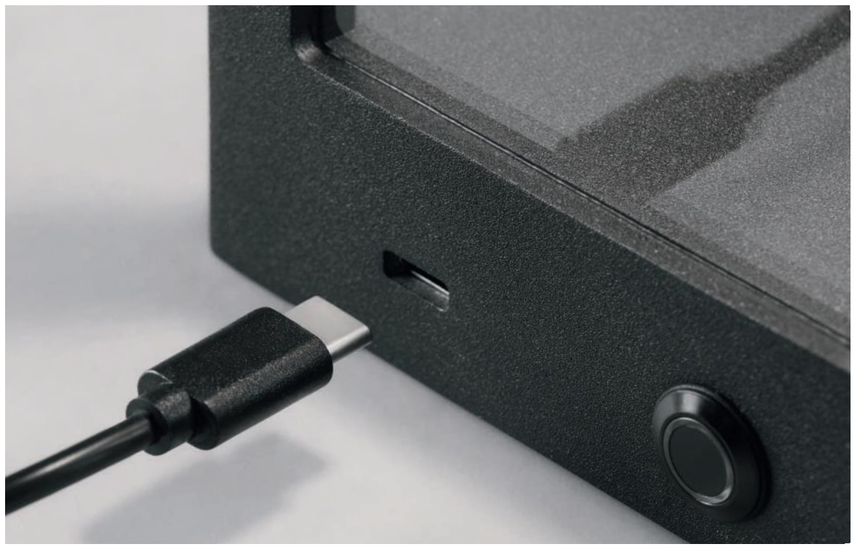
La lampe LANTERN TABLE est une version contemporaine de la forme classique de la lanterne qui remonte à plusieurs siècles. La lampe diffuse un jeu d'angles et de formes géométriques qui donne à la collection son attrait graphique et architectural particulier.



LE CONCEPT DE NOTRE MARQUE

Our Brand

Concept

Lighting design is more than just form and function but is concerned with how its products can enhance the environment they are in, whether that's indoors or outdoors.

Our newly renovated Copenhagen based flagship store and showroom presents an exclusive and bold design concept that captures the essence of the LIGHT-POINT brand. Explore an experimental and artistic lighting universe in carefully curated displays. The exhibitions change on a continual basis to show selected parts of the collection in new, inspiring constellations that can be brought into any commercial and residential projects.

The design of the showroom brings together two recognized design styles: Danish design serves as a constant source of inspiration for the brand in terms of product design, craftsmanship, aesthetics, colour and material palette as well as picture style. Characteristics of the International Style include linear impressions of weightlessness and the use of glass and steel.

Le design de cette lampe ne se limite pas à la forme et à la fonction, mais il s'intéresse à la manière dont les solutions d'éclairage peuvent améliorer l'environnement dans lequel ils se trouvent, à l'intérieur ou à l'extérieur.

Notre boutique phare et notre salle d'exposition récemment rénovées à Copenhague présentent un concept de design exclusif et audacieux qui capture l'essence même de la marque LIGHT-POINT. Découvrez un univers d'éclairage expérimental et artistique soigneusement conçu. Les modèles exposés varient en permanence afin de présenter des parties choisies de la collection selon de nouvelles constellations inspirantes pouvant être intégrées dans n'importe quel projet commercial ou résidentiel.

La conception du showroom réunit deux styles de design reconnus : Le design danois représente une source d'inspiration constante pour la marque en termes de conception de produits, de savoir-faire, d'esthétique, de palette de couleurs et de matériaux ainsi que de style d'image. Les caractéristiques du style international comprennent des impressions linéaires d'apesanteur et l'utilisation du verre et de l'acier.
