

# HAIKU L

## NOW AVAILABLE IN 112 CM DIAMETER

You asked for it—a new size option lets you deliver comfort to smaller spaces with the high-quality yet budget-friendly Haiku L.

### INNOVATIVE STYLE, COOLING AIRFLOW

Bid farewell to drooping paddle fans with their pull chains and constant rattling—there's a calmer, cooler, more convenient way to stay comfortable. Haiku L delivers powerful airflow without the noise and features a sleek design for luxury that looks great and feels even better.

- Create a more comfortable and engaging space for family, friends, and guests
- Transform conditions in any size room with three diameter options
- Enhance your space's visual appeal with luxurious finishes
- Enjoy hands-free control through Haiku L's mobile app and voice integration

### COMBINING COMFORT AND COST SAVINGS

Haiku L's whisper-quiet motor and three-bladed design are incredibly efficient, cooling occupants at a fraction of the cost of A/C. In the mid-afternoon heat, Haiku L makes people feel up to 6 °C cooler, allowing users to raise the thermostat setpoint and reduce A/C usage.

### KEY FEATURES
