

Cessna DC Fan with 700mm LED Light in Antique Brass with Walnut Blades

DESCRIPTION

Featuring premium construction and classic design elements, the Cessna is the evolution of fans with in-built LED ring light. This modern light fitting has the benefit of our high powered fan, providing you with both comfort and function inside your home.

Available in antique brass with walnut blades, or nickel with teak blades.

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC, or direct current, fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run. Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Remote Control

6 speed remote control with timer function included.

Colour Changing Technology

Change the integrated LED light to Warm White, Cool White, or Day Light, as well as dim the brightness all via the included remote.

Indoor Rating

Suitable for indoor use only.

Recommended Room Size

For a 56cm fan we recommend rooms up to 7m².

2-Year In-Home + 7-Year Motor Replacement Warranty

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.

SPECIFICATIONS
